About ASQ

ASQ with 70 years of legacy in leadership of quality, is an 80000 strong community of professionals and 1000 corporates (including several FORTUNE 100 companies), across 140 countries. ASQ professionals and corporates are passionate about quality and its continuing critical role in improving Quality of Life on a global basis.

ASQ strongly values the principles of professionalism, sharing and nurturing of knowledge founded on global best practices.

ASQ creates a forceful impact through training, implementation support, certification, books, journals, magazines, internet media resources, collaborative community activities including conferences.

South Asia Conference on Quality & Improvement
Convergence of Quality Brands

MANIFESTING INTENT THROUGH EXECUTION:
Quality Imperatives For Making Things Happen

December 16-17, 2016  Vivanta By Taj, Dwarka, New Delhi | INDIA
Conference

Gain Competitive Advantage
The conference focuses on four major pillars of Excellence -
• Innovative Research & Development
• Manufacturing
• Services
• Education

Networking & Brand Association
The ASQ conference will be a unique platform for convergence of quality brands. The best and most successful minds will showcase the triumphs and trials leading to powerful execution.

Value-Packed Take-aways
The focus is on execution and action. Each of the seven tracks in the conference, the case studies, the exhibits and the keynote are designed and woven together to provide you with practical ideas, and take back clear directions for action.
