South Asia Team Excellence Awards 2017
November 30, 2017

eClerx - 2016 GOLD WINNER

Get the feedback you can use.
Get the recognition you deserve.
SATEA….A Quality Improvement Journey

See how your team compares with the best. Get the recognition your company deserves!

SATEA recognizes and celebrates high-performance teams from companies large and small for their achievements in improving business performance.

The first South Asia Team Excellence Awards, 2016 saw both manufacturing and service sector organizations participate in this leading process.

Top 16 selected for the final round Live presentations
The best five emerge as the winners

- ONE Gold prize winner
- TWO Silver prize winners (Manufacturing & Services)
- TWO Bronze prize winners (Manufacturing & Services)

Be the 2017 SATEA Gold Winner –
Gain Direct Entry to ITEA 2018, USA

ITEA Criteria - a world-class, detailed approach to successful team-based projects are the basis to judge the awards.
Why Teams Participate

**Learn**
Study other teams and benchmark your team’s efforts.

**Share**
Showcase and gain recognition for your organization’s continuous improvement process.

**Benchmark**
See how your team measures up against the best of the best in quality processes from around the world!

**Recognition**
Promote employee recognition and motivate staff to embrace quality practices throughout your organization.
Some more Benefits of Participation

- Improves business performance
- Reinforces organizational values
- Supports self-assessment and improvement
- Scoresheet gives insight into relative achievement level in each of the criteria areas
- Understand your team’s strengths and identify opportunities for improvement through the feedback report
- Encourages work groups to excel through organized, fact based, analysis and structured decision making practices
- Stimulates participation and provides opportunities for meaningful contribution in the success of the enterprise
- Strengthens relationships with partners/customers
- Makes work fun!
SATEA Process

Preliminary Round

Step 1. Submit Intent to Participate Form.

Step 2. Identify project(s) completed in the last two years that achieved measurable results for submission. Any number of entries can be sent. Projects submitted previously are not eligible for re-submission.

Step 3. Complete the online entry form

Step 4. Create a voiceover PowerPoint presentation aligned with ASQ’s ITEA criteria.

Step 5. Submit Fees

Final Round

Step 1. TOP 16 Qualified teams are notified of selection for the final round.

Step 2. Teams confirm their participation to present live at ASQ’s South Asia Conference on Quality and Improvement (SACQI).

Step 3. Teams receive scoresheet/feedback report from ASQ.

Step 4. Live presentations - recognition, benchmarking, learning, and sharing best practices at ASQ’s South Asia Conference.

<tr>
<th>Testimonials.....</th>
</tr>
</thead>
<tbody>
<tr>
<td>My experience has been great. We have been seeing projects from service and manufacturing industry in different areas and got to know what all tools are applied in different projects to improve processes.</td>
</tr>
<tr>
<td><strong>Preeti Bohra</strong></td>
</tr>
<tr>
<td>Team SPMD Automation – <strong>GOLD WINNER</strong></td>
</tr>
<tr>
<td>eClerx</td>
</tr>
<tr>
<td>The team gained direct entry to ITEA 2017 held during the World Conference on Quality &amp; Improvement</td>
</tr>
<tr>
<td>Coming to SATEA is a new experience. We have participated in competitions before, but the criteria laid down here is meant to be a guide rather than a competition per say. We find a great amount of enthusiasm and experience here.</td>
</tr>
<tr>
<td><strong>S Rajamani</strong></td>
</tr>
<tr>
<td>Team LP Planning – <strong>SILVER WINNER</strong></td>
</tr>
<tr>
<td>Tata Steel</td>
</tr>
<tr>
<td>SATEA gives the opportunity to showcase what work we did, we also get to learn best practices of other organisations, we can cross-fertilise certain ideas to improvise processes within our organization.</td>
</tr>
<tr>
<td><strong>Anjali Kalaskar</strong></td>
